Integration— Locker Systems

Deister UK— Equipment and Key Lockers

Integration gives you greater control of the management and use of lockers. It also gives students a easy to use booking and collection method.

[Video case study - Sussex](#)

[Video case study - Salford](#)

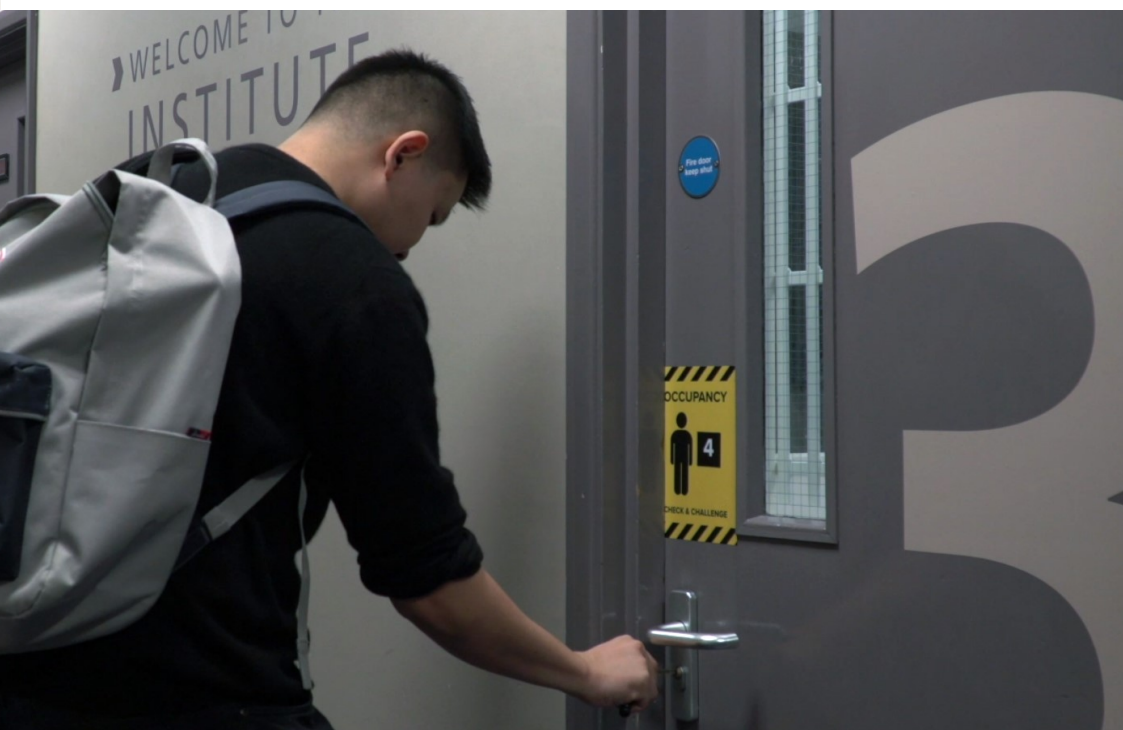

“The locker system has been fantastic, it’s given the students autonomy 24/7 and technicians don’t need to get involved.”

Jon Preece – AV Technician

University Benefits

- **Increase Room utilisation:**
Allow rooms to be used outside of store hours
- **Increased student satisfaction:**
Making booking easier and more convenient
- **Free up technician time:**
Technicians don’t need to be present to open up rooms for students

Student Benefits

- **Saves time when collecting or dropping off:**
No need to queue—walk up to lockers
- **More Convenient:**
Utilise rooms when stores are normally closed
- **Increase student experience:**
Greater student autonomy and freedom over utilisation of times
